Trial Innovation Network
How to Leverage the Network
Trial Innovation Network

How to Leverage the Network

- Two different levels of Trial Innovation Network services and consultations were developed to provide investigators with flexibility and options.

- Two ways to leverage the Trial Innovation Network:
  - Level 1 Network Projects
  - Level 2 Network Projects
Trial Innovation Network
How to Leverage the Network

• **Level 1 Network Projects**
  - Basic Services and Consultations

• **Key Points**
  - Investigators can select from an array of services/consultations
  - Investigators can use their own coordinating centers
  - NCATS will provide service/consults up to a pre-specified threshold

Trial Innovation Network

Level 1 Network Project - Key Steps

**Level 1 Network Project**

**Step 1**
Investigator submits Level 1 Network Project proposal to Trial Innovation Network

**Step 2**
Proposal reviewed by Proposal Assessment Team

**Step 3**
If approved, proposal assigned to TIC or RIC

**Step 4**
Service/Consultation Provided
Trial Innovation Network

How to Leverage the Network

• **Level 2 Network Projects**
  - Comprehensive Consultation
  - Investigators work with TICs/RIC to develop a proposal into a Trial Innovation Network protocol

• **Key Points**
  - Investigators have access to operational and recruitment experts
  - Protocols vetted with potential CTSA Hubs before funding decisions
  - If TICs/RIC used as Coordinating Centers, NCATS will provide infrastructure/resources up to a pre-specified threshold
Trial Innovation Network

Level 2 Network Projects - Key Steps

**Step 1**
Investigator submits proposal to Trial Innovation Network

**Step 2**
If approved, investigator and TIC/RIC develop proposal into protocol
CTSA Hubs vet protocol/study budget

**Step 3**
Investigator submits application to NIH IC

**Step 4**
Application funded

**Step 5**
Study implemented in the Trial Innovation Network
Beginning the conversation to build a national clinical trials superhighway.
